Margot,

Curious to hear what you and Bill think is proper protocol but if the Water Board wants quotes from the other agencies shouldn't the headline, or at least the sub-headline, be more inclusive of the other parties? Something like,

Lahontan Water Board Joins State and Federal Partners to Approve Largest Mitigation Bank in California Bank Will Provide Credits to Offset Impacts to Wetlands and other Waters

I made some changes, including adding a quote from Tomás that he is yet to see/approve. I didn't mention the number of credits because I think it's too much detail but I did try to say more about how the bank offsets permitted impacts. Once everyone is ok with the language, I'll run it by Tomás.

This looks good to me. Are we adding anything about the ~900 WOUS credits?
Or the quote from Tomas?
